CREW, MACHINES & LUGGAGE DISTRIBUTION

Five riders, five machines. Critical kit is doubled and split front-to-back so the convoy always has a tool, a pump and a med-kit within reach. **Rajas leads · Shoaib sweeps.**

RAJAS LEAD Dominar 400 (good highway range, big frame) ▪ Toolbox #1 (primary) ▪ Chain lube + cleaning kit ▪ Cookset + mugs + gas canister ▪ Oxygen can x1 ▪ 5 L fuel can ▪ Group dry rations ▪ Dominar spares & tool roll Stable big bike carries kitchen + a toolbox up front	YOGESH MEDIC-1 KTM ADV 390 (luggage-friendly ADV) ▪ First-aid / trauma kit (primary) ▪ Puncture / tubeless repair kit ▪ Camp stove + gas ▪ Multi-charger + extension board ▪ 5 L fuel can ▪ KTM spares (shared w/ Pranav) ADV racks suit the first-aid + repair station
PRANAV BREW-1 KTM ADV 390 (luggage-friendly ADV) ▪ Spare tubes (both sizes, primary) ▪ Tow rope + tie-down straps ▪ Moka pot + coffee + grinder ▪ Oxygen can x1 ▪ 5 L fuel can ▪ KTM spares (shared w/ Yogesh) Coffee kit + recovery gear; KTM spares paired with Yogesh	PRAFUL CAMERA/MED-2 Himalayan 450 (best range, plush ride) ▪ Tyre inflator #2 ▪ DSLR #2 + lenses (padded) ▪ GROUP MEDICINE box ▪ Power bank x2 + water filter ▪ 5 L fuel can ▪ Himalayan spares & tools Best-range bike carries med box + a camera (smooth ride protects glass)
SHOAIB SWEEP / NAV Duke 390 (agile, light) ▪ Toolbox #2 + Tyre inflator #1 ▪ DSLR #1 + DRONE (padded) ▪ Duct tape · zip ties · M-seal · wire ▪ Duke spares + fuses/bulbs ▪ Lead navigation (offline maps) ▪ No fuel can – keep light for sweep duty Sweep rider keeps a toolbox + inflator + drone; stays light to assist stragglers	
✓ DISTRIBUTION GOALS ☐ Even weight: fuel cans on 4 bikes (not the sweep); kitchen on the big Dominar. ☐ Redundancy: 2 toolboxes (lead+sweep), 2 inflators, first-aid & med-box on separate bikes, 2 oxygen cans. ☐ Easy access: inflator, puncture kit, first-aid & snacks in top-boxes/tank-bags, not buried. ☐ Camera protection: DSLRs on the plush Himalayan & agile Duke, padded, away from fuel cans.

02

THE ITINERARY — 15 DAYS, IN DETAIL

01 DAY		SAT · 19 SEP LAND CHANDIGARH → COLLECT BIKES			
— NOTE Fly into Chandigarh. Collect all 5 bikes from Safexpress, inspect on arrival — tyres, brakes, chain, oil, levers, any transit damage (photograph). — FUEL Fill all tanks. Buy 4 × 5 L jerry cans, oxygen cans, fuel funnel/filter. — EAT Sector 26 / Sector 35 — load up; last big-city meal. — STAY Chandigarh hotel near the freight depot. — NOTE Buy a BSNL SIM, withdraw plenty of cash, photocopy all documents ×3, fit & test luggage.		— NOTES Local / buffer day — see logistics. Max alt 350 m.			
02 DAY		SUN · 20 SEP CHANDIGARH → NARKANDA			
DISTANCE ~170 km		SADDLE 5–6 h	TOTAL 6–7 h	ALT CHANGE +2,360 m (350→2,708)	AMS RISK Low
		WEATHER (LATE SEP) 15–22°C day, 6–10°C night. Clear, low rain risk.			
— ROUTE NH5 to Shimla, take the Shimla bypass (avoid the town centre), climb via Kufri–Fagu–Theog to Narkanda. TOWNS: Solan Shimla (bypass) Kufri Fagu Theog Narkanda ROAD: Good tarmac, busy near Shimla; some traffic at Kufri. WATCH: Heavy tourist traffic Shimla–Kufri · Slow trucks on climbs — overtake only with sightline — FUEL PUMPS: Solan / Shimla outskirts, Theog GAP: Pumps frequent on NH5 — no concern today REFUEL: Top up at Theog before Narkanda EMERGENCY: Not needed — dense pump coverage — HEALTH & ACCLIMATIZATION AMS: Low — but the first altitude. No exertion tonight. HYDRATE: 3 L/day · O₂: Not required ADVICE: Sleep at 2,700 m eases tomorrow's climb		— FOOD BREAKFAST: Chandigarh / Solan dhaba en route LUNCH: Theog dhabas — rajma-chawal, parathas TEA: Narkanda market chai stall DINNER: Hotel Hatu / homestay — local Himachali thali TRY: Siddu (steamed bun) · Madra · Apple anything (orchard country) — COFFEE STOP (MOKA) Hatu Peak road / apple orchard pull-off above Narkanda Quiet orchard terraces, valley views, first proper Moka brew of the trip — PHOTOGRAPHY SUNRISE: — · SUNSET: Hatu Peak viewpoint DRONE: Orchard valleys above Narkanda (rural, low risk) LANDSCAPE: Apple orchards, Hatu temple ASTRO: Possible from Narkanda if skies clear — ACCOMMODATION STAY: Narkanda BUDGET: Orchard homestay ₹800–1,200 · MID: Hotel Hatu / HPTDC ₹2,000–3,500 RIDER-FRIENDLY: Homestays with covered courtyard parking PARKING: Easy, off-road · ≈ ₹800–3,500 / room			

03 DAY		MON · 21 SEP NARKANDA → SANGLA / CHITKUL				DIFFICULTY ■■■■■□□□□ 6/10	
DISTANCE ~200 km		SADDLE 7-8 h	TOTAL 8-9 h	ALT CHANGE -1,700 then +2,400 (net 3,450)	AMS RISK Low-Moderate	WEATHER (LATE SEP) 12-20°C day, 3-7°C night. Baspa valley can be windy.	
— ROUTE Drop to the Sutlej at Rampur, follow NH5 to Karcham, then turn up the Baspa valley to Sangla and on to Chitkul, the last village before the Tibet border. TOWNS: Kingal Rampur Jeori Karcham Sangla Rakcham Chitkul ROAD: NH5 good to Karcham; Baspa road narrow with rough patches & blind curves. WATCH: Landslide-prone Jeori-Karcham · Narrow Sangla-Chitkul with drop-offs · Late-day winds in Baspa valley — FUEL PUMPS: Rampur (fill to brim), Karcham (top up) GAP: Chitkul has NO fuel — round trip from Karcham ~70 km REFUEL: Brim at Rampur; top at Karcham before turning up Baspa EMERGENCY: Carry full; first spare-can candidate day — HEALTH & ACCLIMATIZATION AMS: Watch at Chitkul (3,450 m) — easy evening, no alcohol. HYDRATE: 3-4 L/day · O₂: Carry; unlikely needed ADVICE: Sleeping high tonight; descend to Kalpa tomorrow helps				— FOOD BREAKFAST: Narkanda / Rampur dhaba LUNCH: Rampur bazaar — thali TEA: Sangla market DINNER: ‘Hindustan ka Aakhri Dhaba’, Chitkul TRY: Trout (Baspa river) · Rajma-chawal · Buckwheat pancakes — COFFEE STOP (MOKA) Baspa riverbank at Chitkul Glacial meltwater, prayer flags, wooden village backdrop — iconic brew spot — PHOTOGRAPHY SUNRISE: Chitkul village & Baspa river · SUNSET: Kamru Fort, Sangla DRONE: Baspa valley & Chitkul (border zone — keep low, away from any army post) LANDSCAPE: Chitkul houses, Rakcham terraces ASTRO: Excellent at Chitkul — minimal light pollution — ACCOMMODATION STAY: Sangla or Chitkul BUDGET: Chitkul homestay ₹1,000-1,500 · MID: Banjara/Baspa camps Sangla ₹3,000-5,000 RIDER-FRIENDLY: Sangla riverside camps — open parking PARKING: Open, secure at camps · = ₹1,000-5,000			

TUE · 22 SEP					DIFFICULTY ■■■■■■■■■■ 3/10
04 DAY	CHITKUL → KALPA				
DISTANCE ~65 km + local	SADDLE 3–4 h	TOTAL Half-day ride + explore	ALT CHANGE –500 (3,450→2,960)	AMS RISK Low (deliberate acclimatization day)	WEATHER (LATE SEP) 14–20°C day, 4–8°C night. Bright, crisp.
— ROUTE Descend to Karcham, climb to Reckong Peo (Powari) for the last reliable fuel, then up to Kalpa. Explore Roghi village & the Kinner Kailash viewpoint. TOWNS: Rakcham Sangla Karcham Reckong Peo Kalpa Roghi ROAD: Mostly good; short rough patch Peo–Kalpa. WATCH: Roghi road ‘Suicide Point’ — narrow cliff edge · Afternoon rockfall on shaded sections — FUEL PUMPS: Reckong Peo / Powari — CRITICAL FILL GAP: Last reliable pump before Kaza (~200 km away) REFUEL: Brim every tank + fill ALL 4 jerry cans at Peo EMERGENCY: This is the staging fill for the dry Kinnaur–Spiti stretch — HEALTH & ACCLIMATIZATION AMS: Deliberate rest/short day to acclimatize before crossing 3,600 m+. HYDRATE: 3–4 L/day · O₂: Not required ADVICE: Climb-high (Chitkul) sleep-low (Kalpa) pattern working in your favour			— FOOD BREAKFAST: Chitkul / Sangla homestay LUNCH: Reckong Peo market thali TEA: Kalpa café DINNER: Kalpa homestay — Himachali/Tibetan TRY: Thukpa · Momos · Chilgoza (pine nuts) — COFFEE STOP (MOKA) Kalpa orchard terrace facing Kinner Kailash Direct view of the 6,050 m massif; golden light on the peaks — PHOTOGRAPHY SUNRISE: Kinner Kailash from Kalpa (alpenglow ~6 AM) · SUNSET: Roghi viewpoint DRONE: Kalpa orchards & Kinner Kailash ridge LANDSCAPE: Narayan-Nagini temple, Roghi village ASTRO: Good from Kalpa terrace — ACCOMMODATION STAY: Kalpa BUDGET: Homestay ₹1,000–1,500 · MID: Hotel/guesthouse w/ view ₹2,500–4,000 RIDER-FRIENDLY: Homestays w/ courtyard parking PARKING: Easy · ≈ ₹1,000–4,000		

05 DAY WED · 23 SEP KALPA → NAKO				DIFFICULTY 7/10	
DISTANCE ~100 km	SADDLE 5 h	TOTAL 6-7 h	ALT CHANGE +665 net (2,960→3,625), big swings	AMS RISK Moderate	WEATHER (LATE SEP) 10-18°C day, 0-5°C night. Cold desert begins, windy.
— ROUTE Enter the cold desert: Kalpa → Spillow → Pooh → Khab (Sutlej-Spiti confluence) → the famous Ka hairpin loops → Nako. Scenery turns barren and lunar. TOWNS: Spillow Pooh Khab Yangthang Nako ROAD: Mixed — rough/broken at Malling Nala (notorious), gravel patches. WATCH: MALLING NALA — loose, shooting-stone zone, cross quickly · Khab-Ka hairpins — steep, gravelly · No fuel, no help for long stretches — FUEL PUMPS: None GAP: Running on Reckong Peo fill + cans (~100 km today) REFUEL: Monitor small-tank bikes (Duke, ADVs) — share from cans if needed EMERGENCY: First real ‘dry’ day — jerry cans in play — HEALTH & ACCLIMATIZATION AMS: Crossing into 3,600 m+ — headache common. Diamox by now if prescribed. HYDRATE: 4 L/day · O₂: Have cans accessible ADVICE: First night above 3,600 m; take it slow on arrival			— FOOD BREAKFAST: Kalpa homestay LUNCH: Pooh / Spillow dhaba — simple dal-rice TEA: Nako approach dhaba DINNER: Nako guesthouse kitchen TRY: Thukpa · Tingmo · Butter tea — COFFEE STOP (MOKA) Nako Lake under the willows Still water, mud-brick village, monastery — sheltered from wind — PHOTOGRAPHY SUNRISE: Nako Lake reflections · SUNSET: Nako village from the monastery DRONE: Khab confluence & Ka hairpins (dramatic) LANDSCAPE: Malling moonscape, Reo Purgyl backdrop ASTRO: Superb at Nako — very dark skies — ACCOMMODATION STAY: Nako BUDGET: Homestay ₹800-1,200 · MID: Guesthouse ₹1,800-2,800 RIDER-FRIENDLY: Lakeside homestays — courtyard parking PARKING: Tight village lanes; park at homestay · ≈ ₹800-2,800		

THU · 24 SEP					DIFFICULTY
06 DAY NAKO → TABO					■■■■■□□□□□ 5/10
DISTANCE ~65 km (+Gue detour)	SADDLE 3–4 h	TOTAL 5–6 h w/ detours	ALT CHANGE –345 (3,625→3,280)	AMS RISK Moderate	WEATHER (LATE SEP) 8–17°C day, –1–4°C night. Dry, windy afternoons.
— ROUTE Nako → Chango → Sumdo (checkpost) → optional detour to Gue (mummy monk) → Tabo. Enter Spiti proper at Sumdo. TOWNS: Chango Sumdo Gue (detour) Tabo ROAD: Mostly improved tarmac; Gue spur is a steep narrow climb. WATCH: Sumdo checkpost — keep IDs handy · Occasional rockfall Chango–Sumdo — FUEL PUMPS: None GAP: Still on Peo fill + cans (~65 km) REFUEL: Conserve; Kaza fill is tomorrow EMERGENCY: Manage reserves — ADVs/Duke first — HEALTH & ACCLIMATIZATION AMS: Settling around 3,300 m — sleeping slightly lower than Nako helps. HYDRATE: 4 L/day · O₂: Cans on standby ADVICE: Good consolidation night before Kaza			— FOOD BREAKFAST: Nako homestay LUNCH: Café Kunzum Top / Sonam's, Tabo TEA: Tabo monastery café DINNER: Tabo homestay TRY: Spiti thali · Momos · Apple pie (Tabo cafés) · Seabuckthorn juice — COFFEE STOP (MOKA) Tabo monastery courtyard wall at golden hour 1,000-year-old mud monastery, soft evening light, calm — PHOTOGRAPHY SUNRISE: Tabo cliffs & caves · SUNSET: Tabo monastery complex DRONE: Tabo village & Spiti river bend (avoid over monastery) LANDSCAPE: Tabo caves, Gue mummy shrine ASTRO: Excellent — Tabo is very dark — ACCOMMODATION STAY: Tabo BUDGET: Monastery guesthouse ₹600–1,000 · MID: Homestay/hotel ₹1,500–2,500 RIDER-FRIENDLY: Monastery guesthouse — large open parking PARKING: Ample, open · ≈ ₹600–2,500		

07DAY FRI · 25 SEP TABO → KAZA					DIFFICULTY ■■■■■□□□□□ 5/10
DISTANCE ~50 km (+Dhankar)	SADDLE 3-4 h	TOTAL 5-6 h w/ detour	ALT CHANGE +370 (3,280→3,650)	AMS RISK Moderate	WEATHER (LATE SEP) 8-16°C day, -2-3°C night. Bright, windy.
— ROUTE Tabo → Sichling → detour up to Dhankar monastery (clifftop) + optional Dhankar Lake hike → Kaza, hub of Spiti. TOWNS: Sichling Dhankar (detour) Schichling Kaza ROAD: Good to Kaza; Dhankar spur steep & narrow. WATCH: Dhankar access road — steep switchbacks · Dhankar Lake hike at altitude — pace yourself — FUEL PUMPS: KAZA — the ONLY pump in Spiti GAP: Fill EVERY tank + ALL cans — next fuel is Manali (~190+ km) REFUEL: This is the most important fill of the trip EMERGENCY: Top cans before any local loops too — HEALTH & ACCLIMATIZATION AMS: Kaza 3,650 m is your base for 3 nights — ideal acclimatization hub. HYDRATE: 4 L/day · O₂: Available in Kaza pharmacies; cans ready ADVICE: Stay 3 nights here; loops climb-high/sleep-low			— FOOD BREAKFAST: Tabo homestay LUNCH: Café Sol / Taste of Spiti, Kaza TEA: Himalayan Café, Kaza DINNER: Deyzor — best food on the circuit TRY: Spiti thali · Chha gosht · Momos · Seabuckthorn / apricot dishes — COFFEE STOP (MOKA) Dhankar Lake viewpoint over the Spiti-Pin confluence Confluence panorama, monastery on the cliff, dramatic geology — PHOTOGRAPHY SUNRISE: Dhankar monastery on the spur · SUNSET: Kaza & Spiti river from the highway above town DRONE: Dhankar cliff & confluence (epic — keep clear of monastery) LANDSCAPE: Dhankar fort-monastery, Spiti braided river ASTRO: Good from Kaza outskirts — ACCOMMODATION STAY: Kaza BUDGET: Homestay ₹800-1,500 · MID: Hotel Deyzor / Sakya Abode ₹2,500-4,500 RIDER-FRIENDLY: Kaza hotels — secure parking, mechanic in town PARKING: Good; town has a mechanic & spares · ≈ ₹800-4,500		

SAT · 26 SEP					DIFFICULTY ■■■■■□□□□ 6/10
08 DAY		KAZA → HIGH-VILLAGE LOOP			
DISTANCE	SADDLE	TOTAL	ALT CHANGE	AMS RISK	WEATHER (LATE SEP)
~80 km loop	4-5 h	Full day	climbs to 4,587 m, sleep 3,650	High on the loop (4,500 m+)	6-15°C day, -3-2°C night. Strong sun, thin air.
— ROUTE Acclimatization loop from Kaza: Key Monastery → Kibber → Chicham Bridge (Asia's highest) → Langza (Buddha + fossils) → Hikkim (world's highest post office) → Komic (highest motorable village) → back to Kaza. TOWNS: Key Kibber Chicham Langza Hikkim Komic ROAD: Mostly paved but steep climbs; thin air saps power on small bikes. WATCH: Chicham bridge winds · Steep grades to Komic — manage clutch/heat · Rapid altitude gain — AMS watch — FUEL PUMPS: Top from Kaza before starting GAP: ~80 km loop burns more than it looks at altitude REFUEL: Re-top at Kaza on return EMERGENCY: Loop returns to Kaza — low risk — HEALTH & ACCLIMATIZATION AMS: Highest exposure yet — 4,587 m at Komic. Don't sleep up; descend to Kaza. HYDRATE: 4-5 L/day · O₂: Carry cans on the loop; descend if SpO₂ <80% + symptoms ADVICE: Climb-high/sleep-low — this loop is your big acclimatization day			— FOOD BREAKFAST: Kaza café LUNCH: Homestay lunch Langza / Komic TEA: Hikkim / Komic DINNER: Kaza — Café Sol / Deyzor TRY: Spiti thali · Local barley · Butter tea · Chhang (optional, not at altitude) — COFFEE STOP (MOKA) Langza Buddha meadow under the Chau Chau Kang Nilda peak Giant Buddha, open meadow, fossil country, 360° peaks — PHOTOGRAPHY SUNRISE: Key Monastery (classic Spiti shot) · SUNSET: Langza Buddha with alpenglow DRONE: Key Monastery & Kibber plateau, Chicham gorge (spectacular) LANDSCAPE: Key, Komic monastery, Langza Buddha ASTRO: World-class at Komic/Langza — highest dark skies — ACCOMMODATION STAY: Kaza (return) BUDGET: — · MID: — RIDER-FRIENDLY: Same Kaza base PARKING: Kaza · ≈ (base night)		

09 DAY		SUN · 27 SEP KAZA → PIN VALLEY / BUFFER			DIFFICULTY ■■■■□□□□□□ 4/10	
DISTANCE ~110 km round (Pin) or rest	SADDLE 0-4 h	TOTAL Flexible / buffer	ALT CHANGE Pin ~3,600 m	AMS RISK Moderate	WEATHER (LATE SEP) 6-15°C day, -3-2°C night.	
— ROUTE Buffer + Pin Valley. Ride to Mudh (Pin Valley NP) via Attargo bridge & Gulling, or keep it a rest/service day in Kaza. TOWNS: Attargo Gulling Sagnam Mudh ROAD: Good to Gulling; rougher to Mudh. WATCH: Pin river crossings after rain · Weather buffer day — re-plan if Kunzum looks bad — FUEL PUMPS: Kaza — re-fill cans for the Kunzum dry leg GAP: Pin round trip ~110 km — manage from Kaza fill REFUEL: Ensure all cans full before Day 10 EMERGENCY: Stage for the no-fuel Kaza→Manali leg — HEALTH & ACCLIMATIZATION AMS: Rest/buffer aids acclimatization before the high pass. HYDRATE: 4 L/day · O₂: Top up cans in Kaza ADVICE: Use today to consolidate; service bikes & restock			— FOOD BREAKFAST: Kaza café LUNCH: Mudh homestay TEA: Gulling DINNER: Kaza cafés TRY: Pin valley local thali · Momos · Thukpa — COFFEE STOP (MOKA) Pin riverbank at Mudh Green valley contrast, river, end-of-road serenity — PHOTOGRAPHY SUNRISE: Mudh village · SUNSET: Pin valley meadows DRONE: Pin river & Mudh (national park — check rules) LANDSCAPE: Pin Valley NP, snow leopard country ASTRO: Excellent at Mudh — ACCOMMODATION STAY: Kaza (or Mudh) BUDGET: Mudh homestay ₹800-1,200 · MID: Kaza hotel RIDER-FRIENDLY: Kaza base; service bikes today PARKING: Kaza · ~ ₹800-4,500			

10 DAYMON · 28 SEP KAZA → CHANDRATAL					DIFFICULTY ■■■■■■■■■■□□ 8/10
DISTANCE ~100 km	SADDLE 5-6 h	TOTAL 6-7 h	ALT CHANGE 4,551 m pass, camp 4,300 m	AMS RISK High	WEATHER (LATE SEP) 4-12°C day, -5-0°C night. Cold, possible early snow.
— ROUTE The big one. Kaza → Losar → over KUNZUM LA (4,551 m, do the parikrama) → gravel & water crossings down to the Chandratal campsite (~3 km from the lake). TOWNS: Rangrik Losar Kunzum top Batal Chandratal camp PASSES: KUNZUM LA 4,551 m ROAD: Paved to Losar; rough gravel, sand & water crossings after Kunzum. WATCH: Kunzum can close with early snow — check daily · Water crossings best before noon (lower melt) · No fuel, no network past Losar — FUEL PUMPS: NONE — left Kaza full + cans GAP: No fuel until Manali (~190 km from Kaza) REFUEL: Confirm every tank brimmed + cans before leaving Kaza EMERGENCY: Cans are the lifeline now; ration ADVs/Duke — HEALTH & ACCLIMATIZATION AMS: Sleeping at 4,300 m after a 4,551 m pass — highest sleep of the trip. Hydrate, no exertion, watch each other. HYDRATE: 4-5 L/day · O₂: Cans essential tonight; oximeter checks before sleep ADVICE: Hard night; if anyone deteriorates, descend toward Batal			— FOOD BREAKFAST: Kaza LUNCH: Losar dhaba (last hot food) TEA: Batal — Chacha-Chachi Dhaba DINNER: Chandratal campsite mess TRY: Maggi (Batal institution) · Dal-rice · Hot soup — COFFEE STOP (MOKA) Chandratal (the 'Moon Lake') at dusk Crescent glacial lake, total silence, the brew of the trip — PHOTOGRAPHY SUNRISE: Chandratal (next morning) · SUNSET: Chandratal & surrounding peaks DRONE: Kunzum prayer flags & Chandratal (wind & cold — short flights) LANDSCAPE: Kunzum stupas, Chandratal ASTRO: Legendary — Milky Way over Chandratal (dress for sub-zero) — ACCOMMODATION STAY: Chandratal BUDGET: Camp dorm tent ₹1,200-1,800 · MID: Camp w/ attached ₹2,500-4,000 (incl. meals) RIDER-FRIENDLY: Parasol/Bharatpur camps — open parking on gravel PARKING: Open gravel lot ~3 km from lake · ≈ ₹1,200-4,000 (often incl. dinner+breakfast)		

11 DAY TUE · 29 SEP CHANDRATAL → MANALI					
DISTANCE ~120 km	SADDLE 6-7 h	TOTAL 7-8 h	ALT CHANGE -2,250 (4,300→2,050)	AMS RISK Decreasing (descending)	DIFFICULTY 9/10
— ROUTE The toughest miles: Chandratal → Batal → Chhatru → Gramphu (boulders & river crossings) → Atal Tunnel → Manali. Hot showers tonight. TOWNS: BatalChhatruGramphuAtal Tunnel (south) SolangManali PASSES: (old Rohtang bypassed via Atal Tunnel) ROAD: Batal-Gramphu is the worst surface of the trip: boulders, slush, water crossings. Smooth after Atal Tunnel. WATCH: Multiple water crossings Batal-Gramphu — cross before noon · Boulder sections — line choice critical · Tunnel: no stopping, maintain speed/lights — FUEL PUMPS: Gramphu has none — first reliable fuel at Manali GAP: Reserves + cans until Manali REFUEL: Fill the moment you reach Manali; drain remaining cans into tanks EMERGENCY: If short, Himalayan (best range) lends to small tanks — HEALTH & ACCLIMATIZATION AMS: Symptoms ease fast on descent. Rehydrate, rest knees/wrists after the rough section. HYDRATE: 4 L/day · O₂: No longer needed below Atal Tunnel ADVICE: Back to thicker air — sleep well			— FOOD BREAKFAST: Chandratal camp LUNCH: Chacha-Chachi, Batal / Chhatru dhabas TEA: Gramphu / Solang DINNER: Manali — Old Manali cafés TRY: Maggi & chai (Chhatru) · Trout · Israeli/continental (Old Manali) — COFFEE STOP (MOKA) Chandratal sunrise before breaking camp First light on the lake — make it before the convoy rolls — PHOTOGRAPHY SUNRISE: Chandratal at dawn · SUNSET: Solang valley / Manali DRONE: Chandratal AM, Chhatru river plain (windy) LANDSCAPE: Water crossings (action shots), Atal Tunnel portal ASTRO: Last dark-sky chance at Chandratal pre-dawn — ACCOMMODATION STAY: Manali BUDGET: Old Manali guesthouse ₹1,000-1,800 · MID: Hotel ₹2,500-5,000 RIDER-FRIENDLY: Hotels w/ secure parking, service centres nearby PARKING: Hotel parking; bike service available · ≈ ₹1,000-5,000		

12 DAY WED · 30 SEP MANALI → REST / BUFFER	
— NOTE Rest & repair day. Full bike service, laundry, sort photos/drone footage. Also the weather buffer for any delay on the high passes. — FUEL Service stations available. — EAT Old Manali cafés — earn the carbs. — BREW Café day off — let someone else pour. — NOTE Confirm the Safexpress return slot in Chandigarh.	— NOTES Local / buffer day — see logistics. Max alt 2,050 m.

13 DAY THU · 01 OCT MANALI → CHANDIGARH				DIFFICULTY 5/10		
DISTANCE ~310 km		SADDLE 7-8 h	TOTAL 8-9 h	ALT CHANGE -1,700 (2,050→350)	AMS RISK None	WEATHER (LATE SEP) Warm in plains 25-32°C. Highway.
— ROUTE Long highway haul: Manali → Mandi → Sundernagar → Bilaspur → Swarghat → Chandigarh. Start at first light, keep the convoy tight. TOWNS: Kullu Mandi Sundernagar Bilaspur Swarghat Kiratpur Chandigarh ROAD: Good 4-lane mostly; some single-lane near Mandi tunnels. WATCH: Heavy truck traffic Mandi-Bilaspur · Fatigue on the long haul — rotate the lead, regular breaks — FUEL PUMPS: Kullu, Mandi, Bilaspur, Swarghat — frequent GAP: None — dense NH coverage REFUEL: Relax; top up at Mandi & Bilaspur EMERGENCY: Not required — HEALTH & ACCLIMATIZATION AMS: None — oxygen-rich plains. Watch highway fatigue instead. HYDRATE: 3 L + electrolytes/day · O₂: — ADVICE: —				— FOOD BREAKFAST: Manali / Kullu LUNCH: Mandi / Sundernagar dhaba TEA: Bilaspur / Swarghat DINNER: Chandigarh TRY: Dham (Himachali feast) if available at Mandi · Highway North-Indian — COFFEE STOP (MOKA) Beas riverside pull-off near Kullu (early) Last river brew before the plains; relaxed start — PHOTOGRAPHY SUNRISE: Beas valley near Kullu · SUNSET: — DRONE: Beas river (rural stretches only) LANDSCAPE: Pandoh dam, Beas gorge ASTRO: — — ACCOMMODATION STAY: Chandigarh BUDGET: Budget hotel ₹1,200-2,000 · MID: Hotel ₹2,500-4,500 RIDER-FRIENDLY: Depot-side hotel near Safexpress PARKING: Hotel parking · ≈ ₹1,200-4,500		

14 DAY FRI · 02 OCT CHANDIGARH → SHIP BIKES HOME	
— NOTE Wash the bikes, then hand them to Safexpress for Pune. — FUEL Drain tanks to courier minimum; empty & wrap the jerry cans. — NOTE Remove loose accessories & luggage, note odometer, photograph every side for the condition record, keep the consignment receipt + transit insurance. — EAT Celebration dinner — you earned it. — STAY Chandigarh.	— NOTES Local / buffer day — see logistics. Max alt 350 m.

15 DAY	SAT · 03 OCT CHANDIGARH → FLY HOME
— NOTE Depart Chandigarh. Trip ends. ~1,350 km, one Kunzum, zero regrets.	— NOTES Local / buffer day — see logistics. Max alt 350 m.

03

FUEL STRATEGY TABLE

GOLDEN RULE Kaza is the ONLY pump inside Spiti. Brim every tank + fill 4×5 L cans at Reckong Peo and again at Kaza. Range is 200–250 km — top up at *every* pump. Kaza→Manali (~190 km) has zero fuel.

DAY	PUMP / POINT	ACTION	DISTANCE	AVAILABILITY	EMERGENCY
Day 1	CHANDIGARH	FILL ALL + buy 4×5L cans	—	Dense city pumps	Stage for the trip
Day 2	THEOG / SHIMLA	Top up	~115 km	Frequent	None
Day 3	RAMPUR → KARCHAM	Brim at Rampur	~130 km	Good	Chitkul has none (~70 km r/t)
Day 4	RECKONG PEO (POWARI)	BRIM + ALL CANS	~120 km	Last reliable pump	Critical staging fill
Day 5–6	NONE (NAKO, TABO)	Run on Peo fill + cans	~165 km	NONE	Ration small tanks
Day 7	KAZA	BRIM EVERY TANK + ALL CANS	~200 km from Peo	Only pump in Spiti	Most important fill
Day 8–9	KAZA (LOOPS)	Re-top after loops	~80–110 km	Kaza only	Refill cans for Kunzum
Day 10–11	NONE → MANALI	Reserves + cans	~190 km Kaza→Manali	NONE via Kunzum	Cans are the lifeline
Day 13	KULLU/MANDI/BILASPUR	Top up freely	~310 km	Frequent NH	None

04

ACCOMMODATION PLAN

DAY	TOWN	BUDGET	MID-RANGE	RIDER-FRIENDLY	≈ COST
Day 1 / 13 / 14	CHANDIGARH	Budget hotel ₹1,200	Mid hotel ₹3,000	Depot-side, secure parking	₹1,200–4,500
Day 2	NARKANDA	Orchard homestay ₹900	Hotel Hatu ₹2,500	Courtyard parking	₹900–3,500
Day 3	SANGLA / CHITKUL	Chitkul homestay ₹1,200	Banjara camp ₹4,000	Riverside camp, open parking	₹1,200–5,000
Day 4	KALPA	Homestay ₹1,200	View hotel ₹3,000	Courtyard parking	₹1,000–4,000
Day 5	NAKO	Homestay ₹1,000	Guesthouse ₹2,200	Park at homestay	₹800–2,800
Day 6	TABO	Monastery GH ₹800	Homestay/hotel ₹2,000	Large open parking	₹600–2,500
Day 7–9	KAZA (3 NIGHTS)	Homestay ₹1,200	Deyzor / Sakya ₹3,500	Secure, mechanic in town	₹800–4,500
Day 10	CHANDRATAL	Dorm tent ₹1,500	Camp w/ meals ₹3,500	Open gravel lot	₹1,200–4,000
Day 11–12	MANALI (2 NIGHTS)	Old Manali GH ₹1,500	Hotel ₹4,000	Secure, service nearby	₹1,000–5,000

DAILY ROUTE SEGMENTATION

Save each segment as an offline map / GPX leg before you lose signal. Distances approximate.

DAY	SEGMENT	DISTANCE	VIA	SURFACE
01	Chandigarh (local)	—	Collect bikes, prep	City
02	Chandigarh → Narkanda	~170 km	Shimla bypass-Kufri-Theog	Good NH
03	Narkanda → Chitkul	~200 km	Rampur-Karcham-Sangla	Narrow/landslide
04	Chitkul → Kalpa	~65 km	Karcham-Reckong Peo	Good + short rough
05	Kalpa → Nako	~100 km	Pooh-Khab-Ka loops	Rough (Malling)
06	Nako → Tabo	~65 km	Chango-Sumdo-(Gue)	Mixed
07	Tabo → Kaza	~50 km	Sichling-(Dhankar)	Good + spur
08	Kaza high-village loop	~80 km	Key-Kibber-Chicham-Langza-Hikkim-Komic	Paved + steep
09	Kaza → Pin (Mudh) → Kaza	~110 km	Attargo-Gulling-Mudh	Good + rough
10	Kaza → Chandratal	~100 km	Losar-Kunzum La-Batal	Rough/crossings
11	Chandratal → Manali	~120 km	Batal-Gramphu-Atal Tunnel	Toughest surface
12	Manali (local)	—	Rest / service / buffer	City
13	Manali → Chandigarh	~310 km	Mandi-Bilaspur-Swarghat	Highway

DAY	SEGMENT	DISTANCE	VIA	SURFACE
14	Chandigarh (local)	—	Ship bikes (Safexpress)	City
15	Chandigarh → fly home	—	Trip ends	—

06 PACKING CHECKLIST

RIDING GEAR

- ☐ Helmet (+ spare visor / pinlock)
- ☐ Riding jacket w/ CE armour
- ☐ Riding pants / knee + elbow guards
- ☐ Riding boots
- ☐ Summer + winter gloves
- ☐ Balaclava / neck gaiter
- ☐ Riding goggles / clear+tinted visor

CLOTHING

- ☐ Quick-dry tees ×4 (the trip tees!)
- ☐ Trekking/cargo pants ×2
- ☐ Underwear ×6 / socks ×5
- ☐ Flip-flops / camp sandals
- ☐ Casual fleece
- ☐ Cap / sun hat
- ☐ Quick-dry towel

COLD WEATHER GEAR

- ☐ Thermal base layers ×2 (top+bottom)
- ☐ Down/puffer jacket
- ☐ Fleece mid-layer
- ☐ Woolen cap & warm socks ×3
- ☐ Inner gloves
- ☐ Hand/toe warmers (Chandratal)
- ☐ Buff ×2

RAIN GEAR

- ☐ Rain jacket + pants (over-suit)
- ☐ Waterproof gloves / covers
- ☐ Waterproof boot covers
- ☐ Dry bags / rain cover for luggage
- ☐ Ziplocks for electronics

ELECTRONICS

- ☐ Phone + offline maps
- ☐ Power bank ×2
- ☐ Multi-charger + extension board
- ☐ DSLR ×2 + lenses + batteries
- ☐ Drone + extra props + ND filters
- ☐ Action cam + mounts
- ☐ Headlamp + spare batteries
- ☐ Universal + bike USB charger

BIKE SPARES

- ☐ Spare tubes ×2 (both sizes)
- ☐ Clutch + throttle cables
- ☐ Brake pads (front/rear set)
- ☐ Spare levers (clutch/brake)
- ☐ Fuses + bulbs assortment
- ☐ Master link + chain lube
- ☐ Spare bolts / nuts / washers
- ☐ Air filter (cleaned spare)

REPAIR TOOLS

- ☐ Toolbox ×2 (full)
- ☐ Tyre inflator ×2
- ☐ Puncture / tubeless plug kit
- ☐ Tyre levers + bead lube
- ☐ Multitool + allen/torx set
- ☐ Duct tape · zip ties · M-seal · wire
- ☐ Tow rope + tie-downs
- ☐ Cable ties + electrical tape

CAMPING / OUTDOOR

- ☐ Sleeping-bag liner (camps provide bags)
- ☐ Inflatable pillow
- ☐ Headtorch + lantern
- ☐ Camp stove + gas canisters
- ☐ Cookset + mugs + spork
- ☐ Water filter / purification tabs
- ☐ Trash bag (pack it out)
- ☐ Sit-mat / small tarp

COFFEE KIT (MOKA POT)

- ☐ Moka pot (3–6 cup)
- ☐ Ground coffee (pre-measured tins)
- ☐ Hand grinder (optional, fresh beans)
- ☐ Camp stove + gas (shared)
- ☐ Insulated mugs ×2–3
- ☐ Milk powder / sugar sachets
- ☐ Small cleaning cloth
- ☐ Lighter + matches (backup)

DOCUMENTS

- ☐ Driving licence (orig + 3 copies)
- ☐ RC, Insurance, PUC — each bike
- ☐ Govt photo ID + copies
- ☐ Safexpress consignment receipts
- ☐ Passport-size photos ×4
- ☐ Trip & medical insurance
- ☐ Emergency-contact + blood-group card
- ☐ Cash + backup card

EMERGENCY ITEMS

- ☐ Oxygen cans ×4
- ☐ Pulse oximeter
- ☐ Full first-aid + medicine box
- ☐ Emergency blanket (foil) ×2
- ☐ Whistle + signal mirror
- ☐ Spare keys (each bike, held by another)
- ☐ Fire starter / waterproof matches
- ☐ Energy bars / dry fruit reserve

07 MEDICINE & DOSAGE GUIDE

READ FIRST We climb above 4,500 m. Rx items (Diamox, Dexamethasone, Nifedipine, antibiotics) need a doctor's prescription & briefing *before* the trip. Dosages below are general adult guidance – confirm with your physician and your own conditions.

AMS / ALTITUDE

MEDICINE	DOSAGE	WHEN TO USE	TYPE
ACETAZOLAMIDE (DIAMOX)	250 mg twice daily, start 24 h before going above ~3,000 m (Kalpa/Nako), continue 2–3 days	Prevent & treat AMS. Rx – expect tingling/extra urination.	Rx
DEXAMETHASONE	4 mg every 6 h (emergency only)	Severe AMS / HACE while arranging descent	Rx
NIFEDIPINE	20 mg slow-release every 12 h	HAPE (breathlessness at rest, frothy cough) + descend	Rx
PORTABLE OXYGEN	As needed	Symptomatic relief; not a substitute for descent	OTC

FEVER

MEDICINE	DOSAGE	WHEN TO USE	TYPE
PARACETAMOL (CROCIN/DOLO 650)	650 mg every 6–8 h, max 3 g/day	Fever, headache, body ache	OTC

COLD & COUGH

MEDICINE	DOSAGE	WHEN TO USE	TYPE
CETIRIZINE / LEVOCETIRIZINE	10 mg / 5 mg once at night	Runny nose, allergic cold	OTC
STREPSILS / LOZENGES	As needed	Sore/dry throat (common at altitude)	OTC
STEAM / DECONGESTANT (OTRIVIN)	2 sprays, max 3–5 days	Blocked nose – avoid overuse	OTC

STOMACH ISSUES

MEDICINE	DOSAGE	WHEN TO USE	TYPE
PANTOPRAZOLE	40 mg before breakfast	Acidity / gastritis from oily dhaba food	OTC
ANTACID (DIGENE/GELUSIL)	As needed after meals	Quick acidity relief	OTC
DOMPERIDONE/ONDANSETRON	10 mg / 4 mg as needed	Nausea & vomiting (also motion sickness)	OTC/Rx

DIARRHOEA

MEDICINE	DOSAGE	WHEN TO USE	TYPE
ORS / ELECTRAL	1 sachet per loose stool in clean water	Rehydration – the priority	OTC
LOPERAMIDE (IMODIUM)	2 mg after each loose stool, max 8/day	Slows diarrhoea (not if high fever/blood)	OTC
RACECADOTRIL	100 mg three times daily	Acute watery diarrhoea	OTC

FOOD POISONING

MEDICINE	DOSAGE	WHEN TO USE	TYPE
NORFLOXACIN+TINIDAZOLE (NORFLOX-TZ)	1 tab twice daily ×3–5 days	Bacterial gut infection w/ fever/cramps	Rx
ONDANSETRON	4 mg as needed	Control vomiting to keep fluids down	Rx

PAIN RELIEF

MEDICINE	DOSAGE	WHEN TO USE	TYPE
IBUPROFEN	400 mg every 8 h with food (sparingly at altitude)	Muscle/joint pain, also helps high-altitude headache	OTC
DICLOFENAC GEL (VOLINI/MOOV)	Apply to sore area 2–3×/day	Topical for back/wrist/knee strain	OTC
COMBIFLAM	1 tab as needed	Strong pain + inflammation	OTC

ALLERGIES

MEDICINE	DOSAGE	WHEN TO USE	TYPE
CETIRIZINE	10 mg at night	Skin/dust/food allergy, itching	OTC
HYDROCORTISONE CREAM	Thin layer 2×/day	Local allergic skin reaction	OTC
ADRENALINE AUTO-INJECTOR	Per doctor	If anyone has known severe allergy — carry & brief crew	Rx

WOUND CARE

MEDICINE	DOSAGE	WHEN TO USE	TYPE
ANTISEPTIC (BETADINE/SAVLON)	Clean wound before dressing	Cuts, road rash	OTC
SOFRAMYCIN / ANTIBIOTIC CREAM	Thin layer + dressing	Prevent wound infection	OTC
BURNOL / SILVER-SULFADIAZINE	Apply to burn	Exhaust/stove burns	OTC
STERILE GAUZE, CREPE, TAPE, BAND-AIDS	As needed	Dressings & support	OTC

EMERGENCY MEDICAL

MEDICINE	DOSAGE	WHEN TO USE	TYPE
PULSE OXIMETER	Check SpO ₂ AM/PM at altitude	<80% + symptoms = oxygen + descend	Device
THERMOMETER	—	Track fever	Device
SCISSORS, TWEEZERS, GLOVES, SAFETY PINS	—	Field first-aid	Device
EMERGENCY FOIL BLANKET	Wrap casualty	Hypothermia / shock	Device
PERSONAL RX MEDS (LABELLED)	Per prescription	Each rider's own conditions	Rx

08

PRE-DEPARTURE BIKE CHECKLIST

Run this on **every** bike before shipping, and re-check on collection at Chandigarh & during the Manali service day.

SYSTEM	CHECK & SPARES	BIKES
TYRES	New or >60% tread, correct pressure, check for cuts. Carry pressure gauge.	All
TUBES / TUBELESS	ADV/Duke spoke-tubeless → tube + tubeless plugs. Carry 2 spare tubes (sizes split Pranav).	All
BRAKE PADS	Fresh front & rear; carry one spare set (Himalayan/ADV).	All
CLUTCH	Adjust free-play; carry spare clutch cable (cable bikes) + lever.	All
CHAIN & SPROCKET	<50% wear, correct slack, clean + lube. Carry lube (Rajas).	All
ENGINE OIL	Fresh oil before trip; carry 500 ml-1 L top-up.	All
COOLANT	Top to mark (liquid-cooled KTMs, Himalayan, Duke). Check hoses.	KTM/RE
AIR FILTER	Cleaned/new – dust is brutal in the cold desert.	All
ELECTRICALS	Test charging, horn, all switches; weatherproof connectors.	All
SPARE FUSES	Full set per bike (Shoaib carries extras).	All
SPARE BULBS	Head/tail/indicator (or know your LED failure mode).	All
CABLES	Spare clutch & throttle/accelerator cables where applicable.	All

09 RISK ASSESSMENT

RISK	WHERE / WHAT	MITIGATION
HIGHEST-ALTITUDE SECTIONS	Komic 4,587 m, Kunzum La 4,551 m, Chandratal camp 4,300 m, Kibber 4,270 m.	Acclimatize (Kinnaur-first), oximeter, descend on symptoms.
LANDSLIDE-PRONE	Jeori-Karcham, Malling Nala (Pooh-Nako), Karcham-Sangla, monsoon-tail zones.	Cross fast, daylight only, don't stop under loose slopes.
WATER CROSSINGS	Batal-Gramphu (multiple), Pin valley after rain.	Cross before noon (lower melt); scout line; feet up, steady throttle.
NETWORK BLACKSPOTS	Nako, Kunzum, Chandratal, Batal-Gramphu. BSNL patchy elsewhere.	Offline maps, share plan, check-in at towns.
ATM AVAILABILITY	Only Reckong Peo & Kaza — often empty/offline.	Carry plenty of cash from Chandigarh/Shimla.
MEDICAL FACILITIES	Reckong Peo (district hosp), Kaza (CHC), Manali. Sparse between.	Self-sufficient first-aid; know nearest bail-out.
WEATHER (LATE SEP-EARLY OCT)	Cold nights (sub-zero high camps), risk of early snow closing Kunzum, afternoon winds.	Buffer days (9 & 12), daily road checks, warm gear.

10 EMERGENCY RESPONSE PLAN

CONVOY PROTOCOL

Rajas leads, Shoaib sweeps. No one rides ahead of lead or behind sweep. Regroup at every junction, fuel stop & 45-min mark. Hand signals agreed each morning.

BREAKDOWN

Sweep (Shoaib, toolbox+inflator) reaches the stopped rider; lead halts convoy at safe spot. Fix or tow (Pranav's rope). If unfixable, nearest town mechanic — Kaza or Manali.

MEDICAL / AMS

Oximeter check; if SpO₂ <80% with headache/vomiting/breathlessness → oxygen + descend immediately, do not sleep higher. Dexamethasone/Nifedipine only per doctor's brief. Evacuate to Kaza CHC or Manali hospital.

ACCIDENT

Secure scene, first-aid (Yogesh kit), don't remove helmet unless airway-critical. Call 112. Note location (offline map pin) for rescue.

COMMS BLACKOUT

BSNL only, dead at Nako/Kunzum/Chandratal/Batal. Share daily plan with family; agree check-in points (Kalpa, Kaza, Manali). Carry a power bank for the nav phone.

WEATHER / ROAD CLOSURE

Check road status daily (dhaba-walas, locals). If Kunzum closed by snow, use buffer days; worst case retrace Kinnaur or wait it out in Kaza.

KEY CONTACTS

SERVICE	NUMBER / NOTE
EMERGENCY (ALL-INDIA)	112
POLICE	100
AMBULANCE	108
DISTRICT HOSPITAL, RECKONG PEO	Kinnaur – first major hospital
CHC KAZA	Spiti – basic care, oxygen
LADY WILLINGDON / MISSION HOSPITAL, MANALI	Post-trip serious care
SAFEXPRESS CHANDIGARH	Bike consignment (keep receipt + helpline)

11

ESTIMATED BUDGET PER RIDER

ITEM	BASIS	PER RIDER (₹)
BIKE SHIPPING (PUNE⇄CHD, SAFEXPRESS)	Round trip per bike	₹7,000 – 11,000
FLIGHTS/TRAIN TO & FROM CHANDIGARH	Return	₹6,000 – 12,000
FUEL (OWN BIKE, ~1,350 KM + LOOPS)	@ ₹100/L, 25–30 km/L	₹5,000 – 6,500
ACCOMMODATION (14 NIGHTS, SHARED TWIN)	₹1,000–2,500/night pp	₹14,000 – 22,000
FOOD & CAFÉS (15 DAYS)	₹600–900/day	₹9,000 – 13,500
SPARE FUEL CANS + OXYGEN + SUNDRIES	Shared, per head	₹1,500 – 2,500
BIKE SERVICE (PRE + MANALI) & SPARES	Per head share	₹2,000 – 4,000
PERMITS / ENTRY / PARKING / MISC	Buffer	₹1,500 – 3,000
CONTINGENCY (MEDICAL/RECOVERY/WEATHER)	Recommended	₹5,000

TOTAL

Indicative per-rider total: ₹51,000 – 79,500 (excl. personal gear & shopping). Carry ample cash — ATMs only at Reckong Peo & Kaza, often empty.
